MORPHEUS8

(FACE & BODY & SCARS)

PRE AND POST CARE

PRE-TREATMENT CARE:

- If okayed by your healthcare provider, do not take any blood thinning medications such as Ibuprofen, Advil, Vitamin E, Fish oil, Excedrin, Aleve, etc. for at least two weeks prior to your treatment.
- Avoid alcohol at least three days prior to your appointment. This will help diminish the swelling after your treatment.
- Stay hydrated and avoid coming in on an empty stomach. This will also help provide comfort during your appointment.
- Please avoid at-home exfoliating within 7 days prior to your treatment, such as; at-home dermaplaning, shaving, chemical peels, masks and retinols. Please speak with your skin health provider about products or treatments you're currently using at home prior to your treatment to ensure the best outcome.
- Please keep in mind injections can be performed after any Morpheus8 treatment. You must wait 2 weeks after any filler, PRF or threads and 6 weeks after any Botox/Dysport treatment to receive any Morpheus treatment.
- You cannot be pregnant or nursing.
- No Self Tanner for 2-4 weeks leading up to treatment.
- Protect your skin from the sun 1 week before treatment.

POST-TREATMENT CARE:

- Redness in the treatment area is to be expected and can last several days.
- To maximize the Morpheus8 treatment during the first 2 weeks, we recommend using Alastin Regenerating Skin Nectar to help with the healing process. Please apply the skin brightening mask the evening of your treatment. It can be placed in the fridge prior to application which will aid in inflammatory and erythemic relief.
- Slight itchiness, irritation, swelling, crusting, redness and pinpoint dots that look like grid marks can occur after treatment for 7-10 days. We highly recommend The Goodnight Co. Silk pillowcase to help increase the hydration in your skin long term.
- Avoid makeup and sunscreen for 24-48 hours.
- Avoid exfoliating the skin and using retinol for 7-10 days or until skin is completely healed.
- Avoid exercise and high heat activities for 24-48 hours.
- Protect your skin from the sun for 1 week post treatment.
- Stay well hydrated.
- Avoid alcohol for 72 hours.
- Avoid hot tubs, hot showers, hot baths, saunas, and any excess heat for 7-10 days after treatment.

If you have any questions before or after your appointment, you can email us at info@rumaesthetics or call/text us at 801-514-7650.

Thank you for choosing RUMA Aesthetics!
