

# BIOLOGICS (LILIUM/HYLAGEL)

## PRE AND POST CARE

### POST-TREATMENT CARE:

- **Keep Area Clean:** Gently cleanse the treated area with a mild, non-irritating cleanser.
- **Limit Activity:** Avoid intense workouts or activities that cause excessive sweating for 24–48 hours.
- **No Makeup:** Refrain from applying makeup to the treated area for 24 hours.
- **Report Concerns:** Contact your provider if you notice prolonged redness, swelling, or signs of infection.

Results may take 3-6 months.

It is normal for residual swelling to last for 2 weeks. Swelling and bruising can give the appearance of asymmetry or unevenness. If you feel that further enhancement is desired, please schedule a follow-up appointment or with the advice of your injector, schedule further treatment.

**If you have questions after your appointment, please call 801-514-7650 or for after-hours questions, please text 435-210-6401.** Thank you for choosing RUMA Medical.
