

MICRONEEDLING

PRE AND POST CARE

PRE-TREATMENT CARE:

- Do not take any blood thinning medications such as Ibuprofen, Advil, Vitamin E, Fish Oil, Excedrin, Aleve, etc..., for at least two weeks prior to your treatment, unless otherwise approved by your healthcare provider.
- Avoid alcohol at least three days prior to your appointment. This will help diminish the swelling after your treatment.
- Stay hydrated and avoid coming in on an empty stomach. This will also help provide comfort during your appointment.
- Please avoid at-home exfoliating 3-5 days prior to your treatment, such as; at-home dermaplaning, shaving, masks and retinols. Please speak with your skin health provider about products or treatments you're currently using at home prior to your treatment to ensure the best outcome.
- Inform Medical Aesthetician if you have been on Accutane in the last 6-8 months.
- Inform Medical Aesthetician or consult with your doctor if you are on any medications that could prolong wound healing, or affect coagulation.
- Avoid antibiotics 2 weeks prior to treatment.
- Please keep in mind injections can be performed after any Microneedling treatment. You must wait 1-2 weeks after you have been injected to receive any Microneedling treatment.
- Avoid extended sun exposure/UV, i.e. beach, travel to sunny locations, sunbathing, sports, outdoors, long car rides in the sun, etc. and use a SPF 35 or higher 7-10 days leading up to treatment.
- No cold sores, open wounds, or warts in the area to be treated.
- You cannot be pregnant or nursing.
- No self-tanner for 2-4 weeks leading up to treatment.

POST-TREATMENT CARE:

- To maximize your treatment, we recommend using Alastin Regenerating Skin Nectar or Plated Intense Serum to help with the healing process.
- Slight itchiness and irritation may be felt, similar to a sunburn, for up to 72 hours post treatment.
- You can expect some mild dryness/flaking for 5-10 days post-treatment. Please avoid any active ingredients such as, retinol, Vitamin C, and acids, until the skin is fully healed.
- Avoid makeup and sunscreen for 24-48 hours.
- Avoid exercise and high-heat activities for 24-48 hours.
- Protect your skin from the sun/UV for 5-7 days post-treatment.
- Stay well hydrated.
- Avoid self-tanner for 5-7 days post treatment.
- Avoid alcohol for 72 hours.
